How to Read a Token

Name: The color of the token's name indicates its rarity. In general, the rarer the token the more powerful it is. These are the rarities and the colors that go with them: Common (black), Uncommon (green), Rare (red), Ultra Rare (purple), Transmuted (blue), and Legendary (orange).

Image: This shows you what the item the token represents looks like.

Text: This tells you what the token does. Because tokens are so small, sometimes the text can't fully describe a token's power. For detailed info on how a token works, look it up on the mobile-friendly www.tokendb.com. Not all tokens have text.

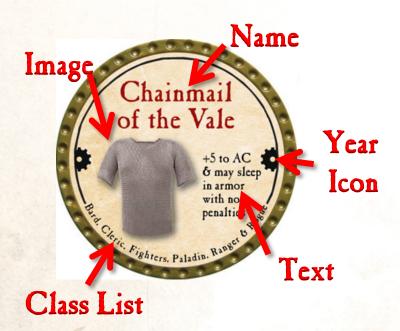

Limited Use: Scrolls and Potions must be turned in when used. In addition, any token that says "One use" must be handed over to the DM or Coach when used. Tokens that have charge counters (OOOO) will be punched each time they are used. When the last circle is punched, the token will be collected.

Class List: If a token can only be used by certain classes, those classes are listed here. If a token does not have a class list, it can be used by all classes. If the list of classes that can use the item is particularly long, it might be written "All except ____". In those cases, the classes listed are the only ones that cannot use the item.

Damage Ring: Only found on weapon tokens, these numbers show how much damage the weapon deals. If the attack slide succeeds, the number closest to the damage dot on the combat board is the damage dealt. Your coach will go over combat in detail during your training phase.

Year Icon: Found on the left and right sides of most tokens, this small image tells you what year the token was printed. The year icon for 2014 is a snake head. 2013 was a gnomish gear.

Hand Icons: Two black hands at the bottom mean the item (usually a weapon) requires both hands to use. One black and one white hand mean the item (typically a weapon or shield) requires only one free hand to use.

complete the Rogue Skill Challenge at the midpoint instead of needing to complete the full path; some DMs prefer the rogue player to start in the middle and work to an end—either method is acceptable; the effect is usable only once per room, even if multiple ETTs are possessed [permanent item, do not collect]

Note: ETT cannot be used simultaneously with MASTERWORK THIEVES' TOOLS. However, it is possible for rogues to use their MASTERWORK THIEVES' TOOLS after using an ETT if their first attempt failed. This second chance would start at the beginning of the skill challenge and the entire path would need to be traversed in order to succeed on the attempt.

fine lubricant

casting the spell, but the wizard will take the 10 damage whether the spell is successful or not; requires at least 20 Intelligence to equip *Note:* If a wizard wearing both a MEC & a RING OF WIZARDRY slides a natural 20 on a spell modified by the MEC, the damage from the spell

Q₁) Can it be used if the damage would kill the wizard?

will be tripled (\times 3), not quadrupled (\times 4)

- A₁) Yes. The 10 damage is a side effect of the charm's power, not a "cost" which must be paid to use it.

- Q₄) If the wizard were to be reduced below 1 HP by using this item, can the paladin's *sacrifice* power save the wizard's life?

2014 Rule Updates

There are no overarching environmental effects (e.g., Cold Climate or Underwater) planned for 2014, but there have been some updates & clarifications made to the rules.

Note: Individual rooms may have unique environmental challenges to overcome. If those come into play, you will be informed by that room's DM.

Charisma & Figurines of Power

If your character has a Charisma of 16 or higher, you may equip up to two <u>Figurines of Power</u>.

Monk Flurry-Compatible Weapons

In addition to bracer-weapons, monks may use punch-daggers (e.g., Viper Strike Fangs) or cestuses when making *flurry of blows* attacks, *stunning fist*, or other attacks that are a sub-set of *flurry of blows*. Other than the aforementioned weapon types, when monks use a hand-held weapon, they only make one attack slide per round.

Set Bonuses & Duplicate Weapons

If both the weapons being wielded are part of the same set and are either Relics (★) or Legendaries (orange title and backing), they count as two items toward fulfilling that set's quota. E.g., when trying to qualify for the Viper Strike set bonus, a monk could wield two +3 VIPER STRIKE FANGS (Relics) and wear one other Viper Strike item to qualify for the Viper Strike set bonus. Similarly, a ranger could wield two ASHER'S +5 VIPER STRIKE FANGS and they would count as two items toward the Viper Strike set. Wielding two +2 VIPER STRIKE FANGS (Ultra Rares) would only count as a single item toward the set's quota because neither of those are Relics or Legendaries. A character capable of wielding two weapons may wield two weapons with the same

name regardless of rarity, but they only count as two items toward fulfilling a set bonus if <u>both</u> are either Relics or Legendaries. Putting it another way, wielding two same-named Common, Uncommon, Rare, Ultra Rare, Enhanced (*), or Exalted (*) weapons only count as a single item toward qualifying for a set bonus, but wielding two same-named Relic (*) or Legendary weapons counts as two items toward the set.

Different-named set-piece weapons count as two items toward the set's quota, regardless of rarity.

Note: Other than weapons, no character may equip more than one item of the same name—no matter what rarity the items are.

Stat Requirements

If a token requires a minimum stat to use, the stat in question must be raised by permanent means. I.e., if you want to use a token that has a stat prerequisite, you must equip tokens which raise that stat for the entire adventure. Temporary effects (e.g., potions) which last only a single room or round cannot be used to meet the minimum stat requirement.

Set Bonuses

When at least three unique items from a set are worn, additional effects come into play. Some sets have only three items while others are comprised of as many as six items.

Assuming all the required pieces can be equipped simultaneously, characters may benefit from more than one set bonus—either from different sets or within the same subset. E.g., a character enjoying the Might Quintet bonus also gains the Trio & Quartet bonuses.

When a set bonus is achieved by equipping a weapon, shield, orb, or anything held in (not worn on) the hand, the hand-held item is "locked in" for that mode of combat. Therefore:

- If you equip a hand-held item in a melee slot to fulfill a set bonus, you must keep that specific hand-held item equipped when engaging in melee combat.
- If you equip a hand-held item in a ranged slot to fulfill a set bonus, you must keep that specific hand-held item equipped when engaging in physical ranged combat.

You may temporarily swap one or both handheld set-piece items (either melee for ranged or ranged for melee) and maintain the set's bonus. However, the bonuses granted by the individual "lost" item(s) won't apply. E.g., a ranger using SCEPTER, ORB, and BOOTS OF MIGHT to gain a level may swap out the scepter and orb to use a ranged weapon, but may not use any other melee weapons. During the swap-out, the ranger loses the +2 Strength bonus granted by the ORB OF MIGHT, but maintains the +1 level granted by the Might set.

To qualify for a set bonus, the set's quota must be filled with unique items if the items are Ultra Rare or lower in rarity. E.g., a ranger may wield two +1 MITHRAL LONG SWORDS, but they only count as one when it comes to qualifying for the Mithral set bonus. However, if both of the set weapons are either Relics (**) or Legendaries, they count as two items toward the set's quota.

Cabal Set

When all three items are equipped, the character may cast two spells in one round, once per room. Unlike the effect from BRACELETS OF THE ZEPHYR, the bonus spell is not cast as a scroll and can be modified.

- BRACELETS OF THE CABAL
- CHARM OF THE CABAL
- GLOVES OF THE CABAL

Celestial Set

When all three items are equipped, character gains immunity to melee and mental attacks from evil outsiders.

- CELESTIAL BRACERS
- CELESTIAL GIRDLE
- +1 CELESTIAL KEEN LONG SWORD

Darkthorn Set

When all three items are worn, melee attackers take 2 points of piercing damage when they successfully hit the character.

- DARKTHORN ARMOR
- DARKTHORN HELMET
- DARKTHORN SHIELD

Defender Set

When all three items are worn, character gains immunity to Hold, Slow, and other hindrances (à la <u>BOOTS OF FREE ACTION</u>) and +1 to AC (in addition to the AC granted by the individual items.)

- Defender Helm
- DEFENDER PLATEMAIL
- DEFENDER SHIELD

Dragonhide Trio

When at least three items are worn, character automatically makes saving throws vs. dragon breath weapons and gains +3 to all saving throws. (Do not confuse Dragonhide with Dragonscale. They are not interchangeable. But if three items from each set are equipped, both set bonuses will be bestowed.)

- DRAGONHIDE ARMOR
- DRAGONHIDE BELT
- DRAGONHIDE BOOTS
- DRAGONHIDE BRACERS
- DRAGONHIDE CLOAK
- DRAGONHIDE SHIRT

There is no additional set bonus for equipping more than three Dragonhide items.

Dragonscale Set

When all three items are worn, Fire damage inflicted upon the character is reduced by 10. This bonus supersedes the bonuses granted by the individual items in this set. (Do not confuse Dragonscale with Dragonhide. They are not interchangeable. But if three items from each set are equipped, both set bonuses will be bestowed.)

- DRAGONSCALE ARMOR
- DRAGONSCALE HELMET
- DRAGONSCALE SHIELD

Footman Set

When all three items are worn, character gains +2 to AC and Cold damage inflicted upon the character is reduced by 1.

- FOOTMAN CHAINMAIL
- FOOTMAN CAP
- FOOTMAN SHIELD

Might Trio

When three items are equipped, the character gains +1 level.

Might Quartet

When four items are equipped, in addition to the Trio bonus, the character's melee attacks do +2 Damage (for a total of +1 level and +2 Damage)

Might Quintet

When five items are equipped, in addition to the Trio & Quartet bonuses, the character's melee attacks do +2 Damage (for a total of +1 level and +4 Damage)

- BOOTS OF MIGHT
- CROWN OF MIGHT
- GIRDLE OF MIGHT
- ORB OF MIGHT
- +2 SCEPTER OF MIGHT

Mithral Trio

When three items are equipped, take only half damage from breath weapons.

Mithral Quartet

No additional benefit, Trio bonus still applies.

Mithral Quintet

When five items are equipped, in addition to the Trio bonus, the character gains *Deadbane*: any successful melee attack from an undead monster to the wearer does 10 points of damage to that undead monster.

Mithral Sextet

When six items are equipped, in addition to the Trio and Quintet bonuses, the +1 MITHRAL LONG SWORD will instantly kill a dragon on a "natural 20" if the 8 or 9 on its damage wheel is closest to the damage dot on the combat board.

- MITHRAL BOOTS
- +2 MITHRAL BRACERS
- +3 MITHRAL BRACERS
- MITHRAL CAP
- MITHRAL CHAINMAIL
- MITHRAL GAUNTLETS
- +1 MITHRAL LONG SWORD
- TAMOR'S +4 MITHRAL BRACERS
- ❖ WIDSETH'S +2 DANCING SWORD

Mountain Dwarf Set

When all three items are worn, Cold damage inflicted upon the character is reduced by 1.

- MOUNTAIN DWARF ARMOR
- MOUNTAIN DWARF BOOTS
- MOUNTAIN DWARF MITTS

Templar Set

When all three items are worn, character regenerates 3 Hit Points upon entering a room.

- TEMPLAR ARMOR
- TEMPLAR HELMET
- TEMPLAR SHIELD

Viper Strike Set

When at least three items are equipped, all characters gain +2 To Hit on all attack slides (including spells.) In addition to the To Hit bonus, monks and rogues gain an additional benefit:

Monks: If their Viper Strike weapon critically hits, it deals +5 Poison damage—which will get doubled to 10 because it's a critical hit. (If you prefer to think of this as +10 Poison damage which is <u>not</u> doubled, that's fine.)

Rogues: When making a *sneak attack* with a Viper Strike weapon, the bonus damage from the *sneak attack* (+15 if the rogue is 4th level or +20 if the rogue is 5th level) is doubled if a critical hit is scored. Under normal circumstances, only the non-bonus damage from a *sneak attack* is doubled on a crit.

- ASHER'S +5 VIPER STRIKE FANG
- +2 VIPER STRIKE FANG
- +3 VIPER STRIKE FANG
- VIPER STRIKE BELT
- VIPER STRIKE SHIRT

There is no additional set bonus for equipping more than three Viper Strike items.

Wind Set

When all three items are worn, character gains the *feather fall* effect and immunity to non-magical physical missiles.

- AMULET OF THE WIND
- CLOAK OF THE WIND
- EARCUFF OF THE WIND

Note: BOOTS OF THE NORTH/SOUTH/EAST/WEST WIND are not part of the Wind set.

Elemental Eldritch Set

When at least two items are equipped, spellcasters ignore Spell Resistance, healing spells heal an additional 10* HP, and melee attacks ignore Damage Reduction. Druids or Rangers with at least two Eldritch items gain one character level.

*Multi-target healing spells get a pool of 10 bonus healing points which may be allocated among the eligible recipients at the caster sees fit. It does <u>not</u> grant +10 healing to every target.

- SUPREME RING OF ELEMENTAL COMMAND
- ROD OF SEVEN PARTS (Complete)
- BOOTS OF THE FOUR WINDS¹
- TEETH OF CAVADAR²

¹Name not finalized. As of 2014, only two of the four core items required for transmuting this item have been printed. The third will be printed in 2015 and the fourth in 2016. After all four core items have been printed in 2016, a 3-item Eldritch Set power is scheduled to be revealed.

²The first of the seven core items required to transmute the TEETH OF CAVADAR (name subject to change) is scheduled to be printed in 2015 and the last in 2021. After all seven core items have been printed, a 4-item Eldritch Set power is scheduled to be revealed.

Weapon List

The following is the complete list of True Dungeon weapons and ammunition printed from 2005 to 2014. Next to each you'll find its type (Blunt/Piercing/Slashing); whether it's made of metal and can be affected by EEL SKIN GLOVES; whether it's non-magical, made primarily of wood, melee, thus allowing it to be enhanced by a RING OF THE WOODWORKER; whether it's a non-magical ranged weapon, thus allowing it to be enhanced by LENS OF THE HAWK; whether it's one or two handed; whether it can be used in melee, ranged, or either (compound); if it deals any kind of special damage; and whether it can be used underwater without magical aid.

Note: Any two-handed melee weapon can be enhanced by <u>RING OF BRILLIANCE</u> and/or <u>RING OF ENERVATION</u>.

[†]Counts as Non-Magical Ranged only when thrown

^{*}Monk hands are not made of metal—they're flesh. However, the monk base attack form (*flurry of blows*) is compatible with EEL SKIN GLOVES, so it's flagged as "metal" for that purpose only. Monks do not benefit from EEL SKIN GLOVES when using any kind of <u>bracer-weapon</u>. (e.g., BRACER OF THE ASP or BRACER OF QUIVERING PALM)

What makes a weapon "magical"?

Some tokens indicate they only affect "magical" weapons while others indicate they only affect "non-magical" weapons. To determine which weapons are or are not "magical" for this purpose, follow this rule:

Other than "plain" Silver or Masterwork weapons/ammunition (which are the only exceptions), if a weapon has any kind of + To Hit or + Damage <u>printed</u> on the token, it counts as "magical".

Therefore, the following broad classifications are observed:

- Alchemical (HOLY WATER, SACRED HAND GRENADE, etc.) = not magical
- Dwarven/Elven/Faerie-Iron/Gnomish = magical
- Masterwork = not magical
- Mighty = not magical
- Runestone (if it gives a + To Hit or + Damage) = magical
- Silver (without a +X in front of the name) = not magical
- +1 Silver = magical

Cumulative Penalty Limitation

No single character or monster stat/ability can be reduced by more than 6. This limit applies to magic items or spells that affect ability scores (STR, DEX, CON, INT, WIS, CHA), Saving Throws, Armor Class, Maximum Hit Points, To Hit modifiers, Damage modifiers, etc. No matter how many magic items or spells have been used, no single stat/ability on a specific victim can be reduced more than 6.

Reaching the 6-point cap on one stat does not prevent a different stat from being reduced, even on the same victim.

Some item effects have stricter stacking limits or may not stack at all. Please see the individual token's description in the Token Guide or on-line Token Database for details.
